## System Criticized Ask Commission Probe Taxation

Contending that present taxation "shows a regrettable tendency to deal with the important aspect of Canada's economic life on a piecemeal basis rather than on the basis of broad, national policy as it is affected by post-war world and national conditions," a resolution calling for the establishment of a Dominion Royal Commission to investigate the present taxation system was passed at Wednesday's session of trade boards and chambers of commerce in conference at the Macdonald hotel.

THIS, AMONG OTHER resolutions passed is on the basis of a recommendation to member boards for consideration of adoption.

The resolution suggests that points requiring attention by such a Royal Commission include amendments regarding administration of the income and excess profits tax act as well as to simplify the tax structure, and such amendments to all taxation principles and methods as will assist rather than retard economic development.

Among further stipulations in the recommendation was the desire for a progressive reduction in

## Parley Is Told: Relief Shipments Up Car Loadings

Cars of grain and other overseas relief commodities stepped up car loadings in Canada as well as increased the movement of essential domestic goods, it was stated Tuesday by W. A. Rundle, manager, transportation and customs bureau, Vancouver Board of Trade.

MR. RUNDLE was addressing the conference of the Alberta-British Columbia boards of trade and chambers of commerce, which ended Wednesday in the Macdonald hotel.

Official figures showed car loadings in the entire country for the first three months of 1946 were 803,076, an increase of 16,000 over the similar period of 1945.

The increase in Western Canada totalled 153,111, he said.

EARLY THIS YEAR the railways made an application for an extension of the transport control orders until at least 1947, said Mr. Rundle.

## May Route Highway Through Cochrane

Possibility that the Calgary-Banff highway would be able to pass through the town of Cochrane was seen in a statement issued by Hon. W. A. Falvo, minister of public works, Wednesday. Engineers had previously selected two possible routes for the highway, both of which, in avoiding the steep Cochrane hill, had also avoided the town of Cochrane.

RECENT REPORTS indicate, however, that engineers have discovered a route down the hill which fulfills the need for maximum clearance of several hundred feet, a minimum visibility of 800 feet. No part of the present road down the hill would be used, the minister stated.

No final decision has been reached, however, since engineer reports are not yet complete.

## Fall of Changchun Is Expected Hourly

By WALTER LOGAN  
Exclusive to The Edmonton Bulletin

CHUNGKING, April 17.—(AP)—An announcement of the Chinese government that Changchun was expected hourly after government troops had reinforced the isolated garrison with airborne troops were blocked by Communist soldiers of the city's last airfield.

Unconfirmed reports from Nanking said Communist forces entered Changchun at 3 a.m. today after more than half of the 7,000 defenders—including units of the crack Chinese Sixth Army—had been killed.

NO DIRECT WORD has been received for 24 hours from the Nationalist defenders of the Manchurian capital, who were last reported driven back into the centre.

## Lethbridge Miners Going Back to Work

LETHBRIDGE, April 17.—(CP)—Two hundred striking miners of the Lethbridge Local, United Mine Workers of America, agreed to return to work Wednesday pending a decision by the provincial government and management of Lethbridge Collieries Ltd., at a meeting here last night.

### Spy Ring Suspect Is Millionaire

OTTAWA, April 17.—(CP)—It was disclosed here today that Dr. Raymond Boyer, McGill University professor, is a millionaire.

IT WAS REPORTED that police, investigating belongings and safety deposit boxes of 14 persons facing espionage charges in Canada, discovered that Dr. Boyer held in a safety deposit box inherited securities valued at \$1,000,000.

An official close to the espionage investigation said Dr. Boyer was a wealthy man "in his own right."

## Rush Work on Air Route Here

By VICTOR MACKIE  
Edmonton Bulletin Ottawa Bureau

OTTAWA, April 17.—Tenders have been called for not later than April 30 for the construction of two main line hard-surfaced runways at Saskatoon air field by the transport department and it is expected the work will be completed before the end of the summer at a cost of \$1,000,000, it was learned here Wednesday.

### London Enjoying Brightest April

LONDON, April 17.—(Reuters)—Londoners today enjoyed their 17th successive day of sunshine in the brightest April to date on record. The capital had 128 hours of sunshine during the month's first 16 days—nine hours more than the previous record for the same period set in 1931.

### 15-Year Sentence For East Robbery

MONTREAL, April 17.—(CP)—Nicholas Dowhan, 19, of Windsor, Ont., yesterday was sentenced to serve 15 years in penitentiary after he pleaded guilty of robbery, while armed, of \$7,000 from the east end Varsity street branch of the Unemployment Insurance Commission three weeks ago.

Six youngsters, three of whom are only five years of age, completely wrecked the home of James Milne, 11012 85 street, Tuesday afternoon.

Practically everything in the house that was breakable was smashed to pieces and a silver tea service, a cherished wedding present, was thrown into the yard at the rear of the house and trampled.

EVERY ROOM in the house was completely ransacked, contents of drawers were strewn around the floor, groceries in the pantry were broken open and scattered over the kitchen and there is hardly a piece of furniture in the house that doesn't bear marks of vandalism.

Practically everything in the house that was breakable was smashed to pieces and a silver tea service, a cherished wedding present, was thrown into the yard at the rear of the house and trampled.

## Daring Robbery In Calgary Club

CALGARY, April 17.—(CP)—While 60 men gathered in an adjoining room, calmly walked from the club entrance to a dining room, a daring young bandit bound the hands of T. B. Stone, director of the club, with his pockets stuffed with \$1,700 in bills which he had obtained at gunpoint, calmly walked from the Helicon Collieries Club Tuesday.

Descending from the club premises on the second floor, the gunman disappeared in Calgary's super-hour crowd, a few minutes before he became the object of an intensive police search.

## MRP Delegates Quit French House

PARIS, April 17.—(CP)—Delegates representing the Movement for the Restoration of the French Republic, France's third largest party, "took a walk" from the constituent assembly late today in an apparent break with the government.

The gesture marked collapse of lengthy negotiations in the assembly committee drafting the new constitution. Disputed points had been discussed most of last night and throughout the morning.

The walkout indicated there would be active MRP opposition when the projected constitution is voted on in a referendum next month.

### At Portage la Prairie

## Women Renew Jail Rioting

WINNIPEG, April 17.—(CP)—For the second time in 48 hours, women prisoners in the Portage La Prairie jail are rioting, it was learned here today.

Nineteen of the ring-leaders, transferred to the men's section, started a repeat performance, breaking windows, shouting and singing.

Locked in dormitories on the third floor of the jail and in the basement of the men's section, the women used toilet seats, the only available weapon, to break windows. They also showered newspapers from the windows.

MR. M. C. Mountain, the jail governor, refused comment while Sheriff E. Calder, now in charge of the men's section, was away from his office today.

Attorney-General J. O. McLean left for Portage La Prairie earlier today to make a personal investigation of the disturbances.

The first riot, which started Sunday and lasted well into Monday night, involved more than 40 prisoners in the women's section of the jail. They barricaded themselves behind furniture, wrecked equipment and caused heavy damage.

Car jumps curb, injures woman, Page 2.

## Prices Said Unfair To Cattle Raisers

Few producers who have winter-fed cattle on \$1.50 wheat, 75 cent barley and 60 cent oats can afford to sell the cattle at prices now being offered in Edmonton stockyards by packing plants, as result of announcement that buyers would purchase according to ceiling prices all across Canada.

SALESMEN are trying to hold the cattle for higher prices, since cattle now on the market are being bid for at prices varying from 25 cents to 75 cents lower, said a representative of the Alberta Stock Co-operative. Some classes, however, sold fairly heavily.

A man is robbed if he has to sell winter-fed cattle at 20¢ cents, C. R. Kellner of the firm said. "If a man is to make adjustments, since we are out of line with world markets anyway."

THE GOVERNMENT knew that the packers were taking a big loss when buying over the prices that

## Sask. Government To Fight Ottawa On Radio License

REGINA, April 17.—(CP)—Delegation by the Dominion government to refuse a transfer of radio station CHAB, Moose Jaw, leave to the Saskatchewan government in an infringement of free speech and an invasion of provincial rights "which we cannot tolerate," Premier T. C. Douglas said in a statement today.

"THIS IS THE TYPE of centralized dictatorship which must be fought with every turn of the screw," he said. "We challenge the right of the federal government to say that a provincial government cannot own a radio station and we are prepared to put it to a referendum."

The effect of Ottawa's decision means that only the Canadian Broadcasting Corporation and private corporations can own an important medium of public information, he remarked.

The premier said the provincial government would not put it to a referendum.

## Rental Officials Conferring Here

On a routine inspection tour of western rental control administration offices, Owen Lobley, rental administrator for all of Canada, was in Edmonton yesterday.

While in the city Mr. Lobley conferred with Mr. J. H. Bryden, deputy rental administrator for Alberta and British Columbia, and Neil Primrose, regional rental administrator for Northern Alberta.

Mr. Lobley is accompanied by Mr. H. Parkinson, economic advisor to the Wartime Prices and Trade Board of Ottawa.

The two Ottawa officials left by plane Wednesday afternoon, accompanied by Mr. Bryden, for Vancouver, where Mr. Bryden plans to spend several days hearing applications in the coast city.

## Civil Servants Given Pay Boosts

OTTAWA, April 17.—(CP)—The Civil Service Commission yesterday announced immediate salary increases totaling \$700,000 annually for 2,700 scientific, technical, and professional government employees.

Investigation in a recent commission survey, which might lead to ultimate increases of \$1,250,000 annually, but which reach only 10 per cent in individual cases, the announcement said.

## Education Officials To Address Meeting

CALGARY, April 17.—(CP)—Noted provincial education officials will address sessions of the Alberta Teachers' Association convention which begins here Monday for three days. Main speakers will be Hon. R. E. McLean, minister of education, Dr. C. F. Newbold, and H. Swift, Leonard Herscovici, secretary of the Adult Education Association.

Dr. C. F. Newbold, retiring deputy minister of education, a banquet will be held Tuesday evening, and officers will be installed Wednesday following the session.

## Weather

Today and Thursday—Continuing warm, sun rises Thursday 5:58. Sea 7.2; light to vehicles by 7:37; light aircraft by 20:07 hours.

Edmonton—Temperatures—Tuesday maximum, 55; overnight low, 35. Forecast—Wednesday, 55; estimated overnight low, 35; estimated high tomorrow, 60.

TORONTO, April 17.—(CP)—Less than 700 cattle were sold on the Ontario livestock yard yesterday and the drop in trading resulted in commission men wiring Agriculture Minister Gardiner in protest, asking for removal of the ceiling prices on beef.

THE SLUMP RESULTED from lower packhouse bids following a statement Monday by J. S. McLean, president of Canada Packers Ltd., that henceforth large packhouses would make only bids which would permit meat sales at ceiling prices without losing money.

Mr. McLean said last night it was a well-known fact that cattle of all kinds had been selling above official ceiling prices recently.

"The packers," he said, "on all markets Monday and yesterday were bidding the full equivalent of the ceiling prices."

Bert McDonald, president of the commission men at the local stockyards, said the situation "is a serious one and needs immediate attention from the department of agriculture."

"WE OBJECT to the fact that the packers instituted their lower price policy without giving due notice, and this is causing a loss to producers who shipped here this week in good faith that prices would be as they were previous."

The Toronto commission men are asking the agriculture department

## Brothers Aboard Abandon Search For Lost Plane

Organized search for the missing American civilian plane, that disappeared north of Grande Prairie last week, with two American crew members, was abandoned today after a search from Wisconsin to Alaska, has been discontinued, and USAF Command RCAF and the USAF Transport Command here, announced Wednesday.

TWO BROTHERS, Richard K. and E. D. Ledford, were aboard the plane, that passed through Edmonton more than a week ago on the way to Alaska. It was a Sioux Detour.

In announcing discontinuance of the organized search, RCAF officials declared that everything possible has been done during the past week to locate the missing aircraft.

SEARCH AND RESCUE planes from the USAF and RCAF are on duty at Northwest Air Command and USAF Transport Command here, and personnel will be in readiness to

## Coal Companies Ask Price Boost

VANCOUVER, April 17.—(CP)—Western coal mining companies are negotiating to have the ceiling on domestic coal lifted, claiming that present prices are forcing them to operate at a loss. It was announced yesterday by H. R. Plummer, general manager of Canadian Collieries (Dunsmuir) Limited, a company planning to have the ceiling price increased 50 cents a ton.

"Government subsidies are not adequate and we are working on a plan to have the price to be raised," he said. "At present, negotiations are being carried on with the U.S. and British Columbia coal controller."

## Sam Carr Is Again Named at Hearing

OTTAWA, April 17.—(CP)—The name of Sam Carr, national organizer of the Labor-People's party, was heard again yesterday in the preliminary hearing of Dr. David Shugart, former naval anti-aircraft expert facing a conspiracy charge.

Evidence Shugart gave before the Royal Commission on espionage and read into the record at his preliminary hearing showed he met Carr three times in Toronto and each time Carr asked about his work.

However, there was nothing in the excerpts read to the court by Crown Counsel J. R. Cartwright to show that Shugart passed along anything but casual information as to what he worked.

The meetings took place between late 1943 and mid-1945.

THIS EVIDENCE set the stage for another appearance of Gouzenko, star crown witness, expected to testify when the trial opens Wednesday or Thursday depending on arrangements by counsel.

Shugart was the last of four cases before Magistrate Glenn Christie yesterday.

The magistrate committed two Montreal men—H. S. Geron, 45, former munitions department official, and Sgt. Lfr. M. S. Nighlin, former RCMP constable and military expert—on charges under the Official Secrets Act but said there was not enough evidence to commit them on conspiracy counts.

Nighlin was committed on two charges and a third was dropped. Geron was committed on five Official Secrets Act charges but two others were dropped.

Judgment was reserved until Thursday in the case of Dunford Smith, Hull, Que., former national Research Council engineer.

## Hurbi Daughter Takes Own Life

BEVERLY HILLS, Calif., April 17.—(AP)—Mary Hurbi, daughter of concert pianist Joe Hurbi, was found dying today of a gunshot wound in her father's bedroom. Police said it is "clearly a case of suicide."

The 28-year-old mother of two children, whose life for the past six years has been beset with domestic difficulties, died in hospital after brain specialists admitted their inability to save her.

She was found, police said, by her father, who was playing the piano in the drawing room of his luxurious North Bedford Drive home when he heard a shot.

Rushing to his bedroom, police continued, Hurbi found his daughter lying on the floor, her hair afire. Extinguishing the flames, he called for aid. Police said a .38 calibre revolver was near the woman's hand.

England had interned 25,000 new alien women in her borders at the time of the armistice in 1918.

## Lauds Canada, Australia Ex-Chief of UNRRA Raps U.S. Food Policy

By CLYDE BLACKBURN

WASHINGTON, April 17.—(CP)—Naming Canada and Australia as two of the main food-producing countries which have retained wartime controls to help feed the starving abroad, Herbert H. Lehman, former director-general of the United Nations Relief and Rehabilitation Administration, last night accused the United States of "faulty planning and unrealistic measures" to avert world starvation.

Speaking before a world food emergency mass meeting in Constitution Hall, Mr. Lehman delivered a blistering attack on the administration's attitude toward the food crisis.

He resigned as UNRRA head three weeks ago following the appointment of former president Herbert Hoover to lead a fact-finding mission through European starvation areas.

UNRRA has enough faults," he declared. "But people cannot eat facts. How many facts do we have to give the starving countries before they will give us sufficient food?"

He differed with Mr. Hoover and other administration officials who have declared rationing is not needed to enable the United States to share its plenty with the starving.

He also differed with President Truman's statement of last night that the crisis would be over in 90 days if the present emergency is met.

MR. LEHMAN commented that the main grain-supplying countries were United States, Canada, Australia and Argentina.

"Only the United States was favored last year with bumper crops. The other three suffered a decline in production due to droughts and other factors," he said.

But they are making indispensable contributions to meeting the world food crisis, Australia and Argentina have retained their wartime controls and the major proportion of their crops is being exported abroad.

"I repeat that these two great countries are still maintaining the wartime food controls."

"I want to be very frank. The United States government has not done everything it could to avert world disaster. The country which alone has the resources to save the day—made a most unfortunate decision in shoddy rationing late in 1945."

HE DEMANDED immediate orders setting aside a certain percentage of American grain for export even at the expense of some inequitable civilian distribution because "none this wheat gets onto the store shelves in the form of bread. It does not make much difference whether we decide to buy an extra loaf or not."

## Nab Assaultants Of Coast Cabman

VICTORIA, April 17.—(CP)—Kenneth Custance, 31-year-old taxi driver, was in hospital last night in critical condition following assault and robbery by two passengers. Two youths, one 18 and the other 20, have been arrested.

Custance told police two young men had asked to be driven to Patricia Bay airport. About nine miles from Victoria they ordered him to stop the cab and then hit him over the head with what he described as a piece of a chair. He was then thrown into the back of the car and beaten until unconscious.

THE YOUTHS DROVE for some distance before abandoning the car near the Esquimalt Naval barracks. Custance said he came to once during the ride whereupon they hit him again. When found he was still unable to give an account of the slugging.

During the robbery, two other taxi men went out to investigate. They said they sighted two youths walking towards the city and recognized them as the two who had hired Custance's cab. They were apprehended, gave up wine and a struggle and were turned over to the Esquimalt police.

INTRODUCING demands on the Russians under the five-year plan, Voroshilov said recently: "We must not forget that monopolistic capitalism is capable of giving birth to new aggressors. For the prevention of new aggression, the Soviet Union must be completely disarmed and submit to military and economic control."

The fighting forces of the Soviet Union must be strengthened. We must contain its arms, its weapons and we must insure the further strengthening of the military and economic potential of the Soviet state."

THE NO. 1 under the new plan calls for restoration and development of heavy industry—iron, steel, fuel, electricity, machine tools, chemicals, timber and building materials.

The plan calls for rebuilding of all damaged mills in the south, and construction of new ones in the east—in the Urals and Siberian great plains are to rise.

An entirely new plant for iron and steel is going up in Georgia.

to make some arrangement with the packing houses to clear cattle all ready on the market at steady prices, so producers will not lose money on cattle already shipped to market.

Meanwhile the supply of meat from the big packing plants to wholesalers and retail butchers stores was dwindling and many Toronto homes faced the prospect of a beef Sunday without a roast of beef.

Sales on the local livestock market for the first two days of this week approximated 250 head or about 11½ per cent of receipts. Normally the big packers buy between 70 and 80 per cent of all shipments received.

LAST NIGHT BETWEEN 1,000 and 1,500 head of cattle remained in the yards.

John King, president of the Toronto Retail Meat Dealers' Association, said there is a decided meat shortage and a great many retailers will not have any meat for the weekend trade.

Another authority said the supply of beef will be tight for some months to come. The price obtainable here is not enough to pay transportation costs from Winnipeg and Calgary, he said, and western farmers were finding it more profitable to sell to the West Board for export.

REQUESTS SHIPPERS HOLD BACK CATTLE WINNIPEG, April 17.—(CP)—Western livestock shippers have been urged to hold their cattle off the market until the present price situation is clarified. C. M. Ferris, president of the Canadian Livestock Shippers' Association, said here yesterday.

He said packers have refused to pay more than the new scale of 12 cents a pound for steers, 11 cents for heifers and nine cents for cows; and that farmers with cattle in the Union Stockyards here now will have to take a loss.

MR. FERRIS said a protest is being made to Agriculture Minister Gardiner, and that a meeting of the executive of the association here shippers agreed to hold out against packer-buyers.

"We have agreed not to sell any cattle until the situation is cleared up," he said.

Car Loadings

(Continued from Page 1)

Rundie, but shippers' representatives opposed the request, suggesting that a six months' limit should be made and that the car loads should be rescheduled at the earliest possible date.

Transport Minister Chevrier said the situation would undergo further, rescheduling in June and that controls would be removed as soon as was considered practicable, Mr. Rundie reported.

BESIDES transportation and communication, which were by Mr. Rundie, other subjects discussed during the afternoon session included several resolutions.

Several resolutions were brought before the conference and it is expected there will be several up for discussion later in the day.

Other speakers were: Harold Pascher, Edmonton; Reg. Smith, Calgary; and C. Becker, Edmonton. Delegates were guests of the Edmonton chapter of the Young Men's Association in the Jasper Room.

Calgary Soldier Again Remanded

CALGARY, April 17.—(CP)—Cpl. R. J. (Tiny) Morgan, Currie barracks soldier, alleged to be Ralph J. Selt, California slayer, was remanded in custody of the RCMP until Saturday, when he appeared before Chief Judge J. W. McDonald in district court Tuesday afternoon. It is possible the case will be remanded for a third time, or so court reporters will be available until May.

## Preparedness Keynote of Five-Year Plan Russians Warned to Be Ready For Aggression in the Future

By EDDY GILMORE MOSCOW, April 16.—(AP)—Nikolai Voznesensky, chairman of Russia's state planning commission, has reminded the Russian people that "Comrade Stalin has warned us that in the future peace-loving countries may be again taken unaware by aggression, unless of course they develop special measures capable of preventing aggression."

The fighting forces of the Russians under the five-year plan Voznesensky said recently: "We must not forget that monopolistic capitalism is capable of giving birth to new aggressors. For the prevention of new aggression, the Soviet Union must be completely disarmed and submit to military and economic control."

The fighting forces of the Soviet Union must be strengthened. We must contain its arms, its weapons and we must insure the further strengthening of the military and economic potential of the Soviet state."

## At Council Meeting on Monday To Again Debate Daylight Time

The daylight saving issue will be before city council again Monday night, and it is expected that a lengthy debate on the question will be staged before a decision is reached.

AT A RECENT MEETING Calgary's city council adopted daylight saving, and the City of Vancouver also has adopted that time. There is considerable opposition from farmers' organizations in Northern Alberta to the adoption of daylight saving.

These objections were presented at the last meeting of council, and at that time the matter was laid over until the next meeting for decision.

City Solicitor T. E. Garside, KC, told council at the last meeting that there was no expressed power in the city charter to enact a daylight saving by-law.

Large areas in the eastern regions—in the Urals, Baku, U.S.S.R., the Volga Basin, Sakhalin Island, Turkmenia, Uzbekistan, Kazakhstan as well as the Ukraine.

One Year Sentence For Baby's Death

BROCKVILLE, Ont., April 17.—(CP)—Miss Marjory Joyce Reid, 18, Cardinal, Ont., was sentenced yesterday to one year definite in reformatory and six months indefinite when convicted on a charge of contributing to the death of her 10-week-old son by neglect.

F.R.D. Insurance Aids Polio Fund

NEW YORK, April 17.—(AP)—The Warm Springs Foundation has received \$50,000 from life insurance policies carried on the late President Roosevelt. Executive Secretary Harold M. Taylor of the Foundation said yesterday.

# Western Cape Semi-Final Dominoes Count Even 00 In Smothering Saskatoon

SASKATOON, April 17. — (CP) — Displaying too much speed and experience for their opponents, Victoria Dominos, British Columbia Albert champions, crushed Saskatoon Totals 100-45 here last night in the first of a two-game, total-point series in the western Canada senior basketball semi-final.

Second game will be played to-night and the winner meets Winnipeg St. Andrews in the western final.

More than 1,200 fans saw the Dominos take a 20-lead in the first quarter, extend it to 44-20 by half time and 73-34 at the three-quarter mark.

The Victoria team, better ball handlers and passers, had too much speed for the Saskatoon team. Shooting was erratic throughout and the forwards hurried their shots to evade Dominos' defenders.

Norm (Smokey) Baker led the victors with 31 points, Bushy Baker added 14 and Percy Anderson added 14. All the Dominos finished in the scoring.

Scott Fitzgerald led the home club with 15 points while Johnny Clark topped 13.

Lineups:  
Victoria: A. Chapman (10), Baker (31), Jackson (24), Anderson (14), Rowe (10), Wright (3), C. Chapman (4), Smith (2), McKelvie (12), Total 100.  
Saskatoon: Tyler (2), Scott, Fitzgerald (15), Grant (10), Smith (13), P. Walker (6), Clark (13), Edwards, Longridge (1), Senior (1), Total 45.

Referee—Herb Jackson, George Biles, both of Saskatoon.

## Junior Finalists Take Night Off

TORONTO, April 17. — (CP) — Toronto Monarchs took the night off to rest after their 10-0 victory over the St. Michaels College players.

Coach Walter Monson figured that with the best-of-seven series at one game each, the boys had best relax until the third game night. So he and the players took the night off to let the team get back into the game.

St. Michaels College players, who took a rest after their 10-0 victory over the Monarchs, will play the first game Saturday and the Saints the second Sunday.

First Game Today  
In International

NEW YORK, April 17. — (AP) — The International League, which begins its third competitive season today, is in store for a banner year both at the gate and on the playing field in the opinion of Frank J. Shaughnessy of Montreal, president of the circuit.

Toronto Maple Leafs start the ball rolling at Syracuse today but the remainder of the teams do not swing into action until Thursday.

Each club has been bolstered by the return of service men and by a general turn-over in playing lineups.

Four managerial changes were made during the offseason.

Brant Betsch, who piloted Montreal's pennant-winning Royals last year, now is at the helm of Jersey City Giants and Gabby Hartnett, who batted .345 in 1945, has moved into the lineup with Buffalo Bisons.

Clay Hopper has been brought up from the minors of the St. Louis Cardinals to lead the Royals and George (Twinkles) Bokros of Huntington, Ind., has been over by New York Yankees to replace Bill Meyer with Newark Bears.

Other managers are Burlington Gunders at Rochester, Harry Davis at Toronto, Jewell Egan at Syracuse and Tommy Thomas at Baltimore.

Braves Purchase Cards' Sanders

BOSTON, April 17. — (AP) — First division action in the Braves' season Tuesday with the news that the club had purchased the services of St. Louis Cardinal regular first baseman for the past four seasons.

Tommy Sanders, 30, a tall, right-handed pitcher from a rugged club, has been added to the Braves' staff as their part of the deal, first of many likely in his first post-war season.

Other managers are Burlington Gunders at Rochester, Harry Davis at Toronto, Jewell Egan at Syracuse and Tommy Thomas at Baltimore.

## Kansas City Wins To Take 3-2 Edge

TULSA, April 17. — (CP) — Kansas City Pilots whipped Tulsa Oilers 3-1 last night to take a 3-2 edge in the best-of-seven series for the United States Hockey League championship.

Goals by Johnny Harris, Wing Johnson and Larry Silvetti were the Pilots' way to victory.

The teams will play the sixth game Thursday in Kansas City with a seventh, if necessary, on Friday.

Mummy Fund Reaches \$3,347

BRANDON, Man, April 17. — (CP) — A total of \$3,347 was raised for the Harry Munro Fund, commemorating a Brandon player who died last night.

The fund was organized by the Brandon Hockey League to help defray the funeral expenses of a player who died last night.

## Larger Number U.S. Horses Likely to Race on Prairies

By EDDIE WILLIAMS

WINNIPEG, April 17. — (CP) — A chill wind will sweep the Prairies and the spring race meet is almost two months away but already stake reservations have been received for 387 horses for the coming season.

The prairies' long racing season — 80 days — will offer purses worth \$100,000, a new high. Removal of wartime transportation regulations is expected to bring many more horses to the prairies.

Speculators immediately crowded round the ringside and demanded their money back.

2,500 light fairs to Maple Leaf Gardens, represented the first post-war attempt to revive big time horse racing in Toronto.

An immediate investigation has been ordered and today both fighters and managers will appear before the Toronto Boxing Commission to explain why the "boys weren't trying."

It was an angry crowd, already in the arena and today both fighters and managers will appear before the Toronto Boxing Commission to explain why the "boys weren't trying."

## Little Opposition Voiced

### Legislation on British Loan Partly Ratified by Commons

By D'ARCY O'DONNELL

OTTAWA, April 17.—(CP)—The Commons last night passed the first three of the eight clauses in the bill ratifying the \$1,250,000,000 Canadian loan to Britain after continued debate in which only a scattering of members renewed their opposition to the agreement.

#### She's UN Girl

Ellie Koffer, above, of Alton, Pa., will go down in history as "the UN girl." To promote cultural relations between France and the U.S., a portrait of her, painted by Paul Meltner, noted American artist, will hang in the Luxembourg Museum in Paris.

### League of Nations Nods to Russians

GENEVA, April 17.—(AP)—The League of Nations, in its 21st and last session, made a gesture of friendship toward Russia by giving the USSR a share of the League's assets was rejected.

The League's financial committee adopted unanimously a resolution of "recognition of the fundamental contribution of the USSR to the overthrow of the Fascist enemies of civilization and to the triumph of freedom." It welcomed the "collaboration of the USSR in building, on the foundation of peace, the new edifice of international solidarity."

THE SOVIET UNION was expelled from the league late in 1939, when she was denounced as an aggressor for the war with Finland. However, a Czechoslovak-Polish proposal to give Russia a share of the assets of the league was turned down because, the committee said, such an action would create "practically insurmountable technical difficulties."

Another league committee approved a British-sponsored resolution relating to the League of Nations in office as the league's high commissioner for refugees, until Dec. 31, 1946. The action will keep the league's refugee services going until the United Nations assumes responsibility for refugees.

### Flour Hoarding To End in Waste

WINNIPEG, April 17.—(CP)—Retail stores reported yesterday that many housewives are attempting to "stock up" on flour despite warnings that it would be wasted or hoarded. Fear of higher prices has led to heavy purchases.

During the past two weeks an alarming increase has been noted in the purchase of flour. Consumers who previously were buying small sacks at regular intervals are purchasing big bags in large numbers.

Dr. H. N. Smallman, Dominion entomologist, has warned that storage of flour and other cereals in the work of experts. Improvised storage flour is subject to insect infestation.

### East Veteran Has Transplanted Ear

TILLSONG, Ont., April 17.—(CP)—Sergeant Joseph Givens, veteran of both the First and Second Great War, pinched the side of his left ear as he said: "This is my ear." Since Armistice Day, 1918, he has had the side of an Australian soldier who died that day in the same army hospital in England where Pildagen lay wounded.

Red Cross Helping Relative Seekers  
TORONTO, April 17.—(CP)—The Canadian Red Cross Society announced yesterday the CBC international service is carrying a 15-minute weekly program to Australia for transmission of 50-word free personal radio messages from Canadians desiring to locate missing relatives in that country.

Woman Officer, 80, Is Active in "Army"  
LONDON, April 17.—(CP)—Mrs. Ada J. Thompson, at 80, is believed to be the longest serving member of the Salvation Army in the world. She joined the Salvation Army 65 years ago and was commissioned a year later. She still takes an active part in the Salvation Green Corps in West London.

THE ONLY ONE to join the seven Quebec members who have opposed the loan was Ross Thatcher (CPC—Montreal) who said he had no mandate to vote for gifts to the United Kingdom when the government was raising money to carry out needed works and services at home.

M. J. Goldwell, CPC leader, who has supported the loan since its introduction, dissociated himself from Mr. Thatcher's remarks.

The debate bogged at 11:45 p.m. on a clause which would authorize continuance until 1950 the interest-free provisions of a \$700,000,000 loan made to the United Kingdom in 1942.

J. F. Pouliot (Ind. L.—Trenton), one of the Quebec members opposing the loan, asked Finance Minister Hiley to disclose how much the United Kingdom had paid Canada during the war years.

AS EACH CLAUSE PASSED, the dissenting Quebec members called for a "division" but did not seek a recorded vote.

John Bracken, Progressive Conservative leader, stepped into the debate and described the loan as one of the most far-reaching pieces of legislation the government ever had introduced.

Replying to Bracken's questions, Mr. Hiley said there has been no formal undertaking that any part or all of the loan would be spent in Canada because this fact is neither necessary nor desirable. It had not been considered necessary because "it was known the British government would exceed the amount of the credit."

The interest rate to be paid by Britain would depend upon how quickly the credit was drawn. Assuming it was drawn in equal installments the rate would be 1.75 per cent.

EARLIER, MR. HILEY told the House that the "real" reason he wanted to see the loan passed was so that sterling could be converted into dollars instead of currency which could be converted into funds of other nations.

Speaking to the House began clause-by-clause study of a bill ratifying the loan, Mr. Hiley said he wished to see Britain brought back to the position within three or four years of her pre-war position, where she could buy Canadian goods and pay for them in money and goods, and where her money could be converted for the purchase of other foreign goods.

Sterling would have to be made flexible and convertible once more. Otherwise, Canada could not carry on her great trade of wheat, meat, apples and other commodities to Britain and would have to reduce her exports and change her economy.

Other participants in the debate included J. C. Colwell (CPC—Quebec), J. F. Pouliot (Ind. L.—Trenton), and J. L. Church (CPC—Toronto).

THE HOUSE adopted a motion authorizing a committee to review the report and affairs of the CIBC.

Mr. Thatcher said he would vote against the loan ratification bill if it was presented finally in its present form. He said Canada in recent years had directly or indirectly given Britain more contributions through the selling of Canadian goods to Britain at below world prices.

He said every time a western farmer sold a bushel of wheat he made a gift of 25 or 40 cents.

Mr. Thatcher said the former gifts may be wondering how long we can fit such large commitments into our budget. He said Mr. Thatcher.

He did not say how Canada could cancel the \$125,000,000 British owed on the Commonwealth Air Training plan and refuse to increase old age pensions and other social services.

HIS CONSTITUENTS wondered how it could be done at a time when the government decided to spend the few millions needed to supply Moose Jaw with a decent sewerage system.

Mr. Hiley said he did not like the treaty giving up taking and he wanted to reply to it before it went further.

Mr. Colwell interjected that Mr. Thatcher was speaking for himself. "I disassociate myself from his remarks," said Mr. Colwell, who does not support the loan.

Mr. Hiley said Britain's external financial position was such that she could not possibly pay the \$125,000,000 until some time in the next century. In view of that fact he could not see what was the use of talking about the \$125,000,000. The amount was purely a war debt.

Britain got nothing from it on which she could earn money to make payments.

MR. COLDWELL, renewing his party's opposition of the loan, said that "if for no other reason than our own selfish advantages, we should give unanimous support to this bill." He looked on the loan as an opportunity for Canada to play her part in the international sphere in order to bring about a greater measure of understanding and of world prosperity.

Mr. Pouliot, one of the few members here opposing the loan, expressed some doubt the United Kingdom would make any repayment. He believed the British government officials would come to Canada and say they could not repay the loan. Canada would accept this and then the Canadian taxpayers would have to pay for the loan.

Mr. Quebec said he did not doubt the United Kingdom would make every effort to repay the

ENDS 30 YEARS SERVICE: Marking the thirtieth anniversary of his joining the staff of the Hudson's Bay Company Edmonton store, William Fleming was recently presented with his long service gold medal and award which carries with it extra holidays with pay and a cheque for \$200. The presentation was made by H. A. A. Johnson, manager of the Edmonton store, at a social gathering of long service employees. Mrs. Fleming, also present, was the recipient of a bouquet of 30 roses representing the 30 years her husband had served the company.

### On Four Points Soviet Publication Lashes at British

MOSCOW, April 17.—(Reuters)—The Soviet magazine, New Times, yesterday published a series of articles criticizing British policy on a world front: In the Empire, in Germany, Greece and the Middle East. The United States was linked with Britain in several of the criticisms.

OF THE GREEK elections, the magazine said: "They will go down in history as a rare example of cynicism and force against the will of the people of a country normally free and independent, but actually occupied by British troops."

On the British Empire: "Behind a smooth phrase, a very unattractive picture of reality is concealed: exploitation and the slavery of people deprived of citizenship rights in the colonies."

"It is sufficient to recall India, India's wealth is going away across the ocean and her people are being starved. That is how the British method of administering dependent countries looks in reality."

The position is no better in other colonial empires. "... In the United States negroes are still oppressed and the rights of Indians and Latin Americans are being violated. ... The situation exists and just discontented peoples are being provoked."

On the Middle East: "Behind a smooth phrase, a very unattractive picture of reality is concealed: exploitation and the slavery of people deprived of citizenship rights in the colonies."

## Hudson's Bay Company

INCORPORATED 27th MAY 1870.

# The ROAD AHEAD

By HARPER PROWSE, M.L.A.

MOST men, at some time in their lives, require the service of a lawyer. This is particularly true in the case of returned men who are buying property, buying or establishing a business, or who find themselves involved in legal difficulties of any kind. To take care of them, to insure that they get good legal advice from capable and reputable men, the department of veterans affairs has its own legal branches.

IN ALBERTA there are two of these, one at the DVA office on the top floor of the Hudson's Bay building in Calgary, the other in the Redwood Building, in Edmonton. The Calgary solicitor is Mr. W. K. Webb, and the Edmonton solicitor is Mr. Don Masson. As with other DVA departments, this legal service is free.

# Edmonton Bulletin

SECOND SECTION EDMONTON, ALBERTA—WEDNESDAY, APRIL 17, 1946 PAGE NINE

## Plan to Select Site of Factory

Site of the spark plug manufacturing plant to be established in Edmonton by the Ha-Loy Company of Columbus, O., will likely be announced in two weeks when officials of the company return from the United States. D. A. Allan, vice-president of the Ha-Loy organization, stated before he left Edmonton that other company men Tuesday.

J. B. Friesche, New York City counsel for the company, remained in Edmonton to work out details in connection with the new plant. Senator E. Carroll of Boston and J. E. Edman, other company officials, left Tuesday for the east with Mr. Allan.

## Cancel Address

The address scheduled to take place at the Empire theatre on April 29 by Stanley Knowles, member of Parliament for Winnipeg North Centre, has been cancelled, owing to ill health.

## ROAD REPORTS

Roads are greasy at Athabasca; rough at High Prairie; muddy at Lac la Poudre, St. Paul and Camrose; good at Slave Lake, Peace River, Fairview, Grande Prairie, Dawson Creek and Fort St. John; good at Mossburn, Two Hills, Wainwright, Vermilion and Thorburn.

## Club Hears Talk On Photography

Members of the Camosunian Club heard W. D. West, of Modern Photography, at their regular Tuesday noon luncheon held at the Corona hotel. A member of the club, Mr. West explained the process of microfilm, black and white photography, color photography and engraving.

Film for color photography will soon be available to the camera amateur, he stated, but the process of developing is still a long drawn out procedure. Microfilm came into its own during the war, he continued, and most important documents in England were reproduced by this process and stored in vaults underground for safe keeping.

## Y's Men Planning To Entertain Boys

Boys who want camp scholarships for the biggest sales of Y's Men's Christmas trees will be guests of the Y's Men's club at a boys' camp scholarship night to be held on Tuesday, April 23, at 8 p.m. at a meeting of the Y's Men on Tuesday night. The trees were sold by the boys in the various districts in conjunction with the community leagues in the city.

The Rev. Stewart Trites, minister.

## Car Jumps Curb, Injuring Woman

Mrs. Sarah Mowle, 11320 80 street, suffered a badly bruised right knee and a bruised elbow when she was struck and knocked down by a car which jumped the curb on the east side of 103 street just north of Jasper avenue shortly after the noon hour Tuesday.

John Belington, 10818 124 street, told police that he was in the car when it jumped the curb. He stated that the car was parked beside the Hudson's Bay company store by his sister, who got out to do some shopping.

ON LEAVING THE CAR she saw that it was about two feet from the curb and asked me to put it on, he stated. He said, however, that he did not get out to move the car forward, but that his sister had evidently left the ignition switch on and the car started.

The car jumped the sidewalk and struck Mrs. Mowle, who was looking out of a display window. She was knocked down and then crawled into a large silver safe.

Value of the window, which was broken, was \$200.

Mrs. Mowle was treated by the department store nurse.

## Higher Pay Urged For Educators

**Reaction to The Edmonton Bulletin**  
OLDS, April 17.—Education must meet the higher wages paid by industry in order to attract and keep a better quality of teachers, Mayor A. A. Dunkley told 180 delegates of 1700 members of the Alberta Federation of Home and School Associations meeting in convention in the Olds School of Agriculture.

IN HIS ADDRESS of welcome which opened the sessions Tuesday Mayor Dunkley declared that better-educated western youth was attracted to better-paying Eastern Canadian jobs, and he suggested that Eastern Canada should therefore share the cost of preparing the students for such positions.

Other speakers Tuesday included Supt. N. C. Prupis of the Olds school division, James Murray, principal of the agriculture school; Mrs. C. M. Breker, president of the Olds Home and School Association; O. Buxton, of the Alberta School Trustees' Association; M. L. Watt, representing the provincial department of education, and Mrs. Symons, reporting on the extension and organization committee of the federation.

DR. S. R. LAYCOCK, professor of educational psychology at the University of Saskatchewan, called for parenthood training in the high schools in order that parents might have a better understanding of children's needs for love, to be wanted and to belong. Family discipline, he said, was a case of members of the family coming together as a group with the children being taught self-control gradually.

## Plan to Increase Polling Divisions

Designed to facilitate voting for elections, and to meet population changes in certain districts, the polling committee of the city council will recommend that the number of polls in municipal elections be increased from 42 to either 50 or 55.

FOR SEVERAL WEEKS City Assessors Thomas Walker and City Clerk George S. Docherty have been making a survey of the polling divisions of the city. Tuesday recommended that the number be changed to 50. Committee members were of the opinion that the Waterdale and North Edmonton polling divisions might be split for the greater convenience of electors in these districts, and Mr. Walker and Mr. Docherty will make a further report on this suggestion.

This is the third increase in the number of polling stations made in recent years. An increase was made in the number last year when there were increased from 37 to 42. The question of increasing the number came before the Edmonton Junior Chamber of Commerce Tuesday.

Both Mr. Walker and Mr. Docherty told the committee that the difficulty in obtaining polling stations capable of being used for the cumbersome voting set-up of municipal elections would not permit the adoption of these boundaries. THEY STATED that polling stations were established in schools, churches and community halls as these buildings had no other functions for the setting up of the three and sometimes five sets of ballot boxes required to take the municipal vote. They stated that in the 1945 municipal election only one private house was used.

The boundaries of the new polls will be defined in a by-law which they have been approved by city council.

## Take Inventories On Alaska Road

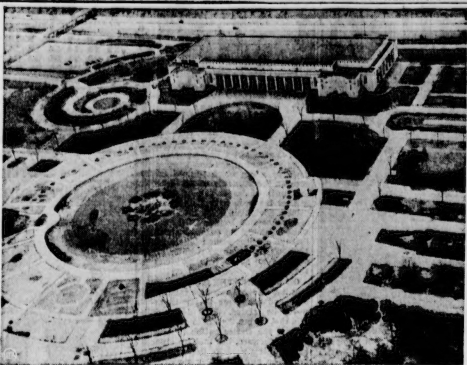

Several "clearance teams" are busy along the Alaska highway making inventories of equipment and vehicles to be turned over to War Assets Corporation. S. V. Appleby, regional supply manager for the corporation, said here Wednesday.

COLONEL APPLEBY, accompanied by his assistant, Maj. D. G. MacPherson, is on a routine tour of the western section in his region that extends from Fort Whyte in the Alberta, B.C. boundary. He plans to remain in Edmonton until Friday when he will leave for Saskatoon. He has recently been in Calgary. The officer said it is gradually impossible to summarize the large variety of things to be disposed of by War Assets Corp.

THESE RANGE all the way from buildings and vehicles turned over to the United States Army to every kind of office furnishing and equipment. While in Edmonton Col. Appleby conferred with War Assets representatives here and with L. H. Finney, special Canadian commissioner for northwest defense projects.

## Lifting of Price Ceilings Happened

"Capitulation to the grasping demands of big business and a direct attack on the living standards of the people" were the terms used to describe the lifting of price ceilings mentioned recently by the Canadian government, when the Edmonton Labor-Progressive party caucus discussed the question in a week. The meeting under the chairmanship of Alex Miller, passed a resolution appealing to Prime Minister Mackenzie King to reconsider the lifting of price ceilings and to curb excessive monopoly profits by providing for a fair share of the heavy burden of the war to the workers, and to protect labor under farm prices that would enable people to live on a proper basis.

**UN MOVES INTO WORLD'S FAIR BUILDING:** Air view of New York City Building in Flushing Meadow Park, New York, site of 1939-40 World's Fair, selected as interim meeting place of United Nations General Assembly. Building will be renovated at a cost of \$1,250,000.

## Strays From Home, Boy Is Located

A three-year-old boy, Victor Kuro, was found by an RCMP search party early Wednesday morning after he had strayed away from his home at Vegreville thirty after noon Tuesday. The child was more than seven miles from his home when found by the search party. He was tired and dirty but unharmed.

A full-scale search party was organized by the Vegreville detachment of the RCMP after the boy had been missed from his home and men on horseback and on foot searched the countryside. Police sent to Morely for a dog drive to help in the search but Victor was found before the dog arrived.

## Plan to Develop Mining Property

Properties of the Beaulieu-Yellowknife Mines Ltd., 45 miles east of Yellowknife are going to be developed this year, Emil Schaefer Toronto, general manager of the company, declared in an interview here Wednesday.

THE 12 CLAIMS of the Beaulieu-Yellowknife in this area are what was originally known as the Norma property group and are situated on the eastern shore of the lake.

Mr. Schaefer is leaving Edmonton for Yellowknife Friday morning to superintend the commencement of an extensive diamond drilling and reef-sinking program that will employ 40 men under the direction of company engineer A. D. Wilson. BSC's only 25 men are now working there.

The work at Beaulieu-Yellowknife this summer will consist of linking up three zones after proving them.

Four diamond drills, two X-ray and two deep drills, will be in operation this spring simultaneously, by the general manager said.

Vegetations are now under way for the sinking of an underground shaft which will develop the hold-up in a depth of 500 feet. Materials and machinery for this work are being collected and barring unforeseen difficulties the shaft should be completed by next fall, Mr. Schaefer said.

## Driver Blameless In Highway Death

After hearing evidence for more than five hours, a six-man coroner jury absolved Kenneth J. Sagar from any blame in connection with the death of George Logan, 30031 street, in a highway collision north of here last March 31, when a car driven by Mr. Logan crashed head-on into a bus driven by Sagar. The inquest was held at Leduc Tuesday afternoon.

IT WAS STATED that prior to the midday Mr. Logan had been driving just across the center line of the highway and just before the impact had swung further to the left bringing him in front of the bus. Speed of the vehicles was judged to be about 30 to 35 m.p.h. Dr. E. A. Brathwaite, chief provincial coroner, presided.

## The Inquiring Reporter

What do you think of the resolution passed at the recent meeting of the South Side branch of the Canadian Legion which urged the federal government to pay a 20 per cent bonus to all unpaid balances of veterans gratuities and re-establishment credits to make up for the rise in prices following the lifting of the ceiling price on certain commodities?

JAMES HAVERCROFT, veteran, said he would be glad to see the government do this.

He said a large farm and 11 ranches are at the Macdonald while in Edmonton.

## Early Edmonton Resident Is Dead

Resident of Edmonton and son, George H. McAvoy, former mayor of George McAvoy, died at his home, 10414 116 street, early Wednesday. Her husband was prominent in affairs of the Masonic Lodge in Toronto. She lived in Edmonton since 1900, with the exception of eight years spent at Fort Saskatchewan. She married Mr. McAvoy in 1901.

Predeceased by her husband in 1938, she is survived by a son, Arthur, of Edmonton, two daughters, Beattie, prominent tennis player here, and Doris, both at home, and four grandsons, George, Arthur, Douglas and Jack.

A funeral service will be conducted at 2 p.m. Saturday by the Rev. D. B. Ramsay at Howard and Melville's funeral chapel. Burial will be in the Edmonton cemetery.

## Before the Magistrate

Arthur Heavener was sentenced to three months hard labor at Fort Saskatchewan jail on each of two charges of false pretenses when he appeared before Magistrate A. J. Miller Tuesday.

Sentences were ordered to run concurrently. The accused was charged with having obtained \$10 from Simon Simkovich and \$25 from James D. Jager by issuing worthless cheques.

## Charge of Dangerous Driving

George B. Jacobson, one of four men arrested by city police early Tuesday morning in connection with a series of robberies in the city, was remanded until April 25 when he appeared in court on Wednesday. The other three men are scheduled to appear April 23.

Charge of dangerous driving was laid against the accused driver, was adjudged until May 9 when he appeared in court on Wednesday. A passenger in his car when it was rammed by a city street car on Jasper avenue and 100A street last month, is still in hospital suffering from injuries received in the accident.

THE ACCUSED was charged with dangerous driving, was adjudged until May 9 when he appeared in court on Wednesday. A passenger in his car when it was rammed by a city street car on Jasper avenue and 100A street last month, is still in hospital suffering from injuries received in the accident.

## Work of Three Canadian Artists Attracts Large Number of Visitors

An exhibition of more than 100 watercolors, oils and woodcuts by three topnotch Canadian artists this week is attracting a record-breaking number of visitors to the Edmonton Museum of Arts, 9038 102 avenue. Featured in the work of Murray MacDonald, W. J. Phillips and H. A. Gidye, all associates of the Royal Canadian Academy of Art.

EMBRACING VARIOUS techniques of handling landscapes with a number of figure studies and a good measure, the exhibition was a high standard for future art displays in this city. The amateur and student art groups will find a visit to the larger-than-usual show time well spent.

There will be little argument given the statement that the work of Gidye, a Canadian, holds the spotlight.

Gidye's vigorous northern scenes, his study men and his savage background scenery bear hours of appreciative contemplation. His work was magnificent, wholly in keeping with the primitive nature of the country he depicts.

W. J. PHILLIPS is represented in about half a dozen colorful watercolor scenes. One of the latter is titled "A Winter Scene." A girl skier, painted in such a manner that the material of her sports jacket seems real enough to be genuine gaudiness, stands poised in the crest of a snow hill as a few athletic hikers through the trees toward her.

Regarded as one of Canada's premier woodblock artists, Phillips has handled his colors delicately despite the difficulties presented by the woodblock medium. His flower study, "Zinnias" is particularly interesting.

PLEASING AMONG Mr. MacDonald's offerings is "Dancing Madonnas," a well-balanced study of two groups of trees. Beaulieu takes a back seat as the artist goes all out for rhythm with the result that the picture is almost Oriental.

The same technique has been used on several other of his tree depictions. Pictures in which he applies strong colors, such as his watercolor scene, have a trifle more winter landscapes than his more dainty watercolor scenes in which light blues, yellows and whites are predominant.

THE DISPLAY will remain here until the end of the week. Starting Monday, the Edmonton Art Club's annual exhibition will be shown at the museum.

## Canadian Army Officers Retire

The retirement of the following officers, residents of Alberta, from the Canadian Army for week ending April 13, was announced by headquarters, M.D. No. 13 today: Capt. E. E. Brandt, CSM, 1st CBR, DCM, Ed. CMC, Edmonton; Lieut. R. W. Allen, RCAMC, Drumheller; Capt. H. A. Lloyd, RCAMC, Edmonton; Col. L. Scott, OBE, DCM, Ed. CMC, Edmonton; Lieut. R. A. Jones, RCAMC, Edmonton; Lieut. T. W. Meen, RCAMC, Edmonton.

Capt. W. A. Scott, RCAMC, Provost; Lieut. J. M. Singer, CMC, Edmonton; Major H. S. Clark, SD, RCAMC, Edmonton; Capt. J. P. Schragge, RCAMC, Major J. P. McLean, MBR, RCAMC, Major J. M. Fallow, CWAC, Red Willow; Capt. M. L. Wortman, CWAC, Edmonton.

## Hold Exercises

First peacetime cloning exercises in Vermilion school of agriculture since the Dominion government took over the buildings for barack purposes, were attended Wednesday afternoon and evening by O. S. Longman, deputy minister of agriculture; S. H. Gaudier, superintendent of agricultural schools, and Dean R. D. Sinclair of the University of Alberta.

## Cancer Campaign Workers Addressed

Canvassers in the current campaign against cancer are members of Canada's field army, according to G. G. Stephenson, Dominion president of the Canadian Cancer Society, who addressed a meeting of them in the Masonic Temple Tuesday afternoon. It was the duty of this army backed by the educational literature to enlighten the public of Canada on the seriousness of the cancer problem.

IT WAS HOPED to establish a centre in Canada for research and training of doctors in fighting the scourge, he said. Only three such centres are now in existence. They are in England, the United States and Switzerland.

He also announced that the money raised in the campaign in Alberta against cancer are members of Canada's field army, according to G. G. Stephenson, Dominion president of the Canadian Cancer Society, who addressed a meeting of them in the Masonic Temple Tuesday afternoon. It was the duty of this army backed by the educational literature to enlighten the public of Canada on the seriousness of the cancer problem.

## Traffic Problems Studied by AMA

A plan against the traffic problem was one of the traffic problems studied by members of the board of directors of the Alberta Motor Association at the regular monthly meeting held on Tuesday. Suggestions were also put forth for the improvement of automobile and street railway traffic, with a view to the elimination of congestion, President of the Edmonton branch of the AMA, Dr. A. J. Hope, was in the chair.

## Appoint Chairman

Appointment of J. W. Dodge, deputy minister of municipal affairs, to be chairman of the Agricultural Relief Adjustment Board in succession to J. Souter, former deputy minister who was retired on March 31, was announced by the provincial government Wednesday.

## Starvation threatens in the Far East and hunger in Europe. We are sending food. We must send more. The need is now — until harvest!

The English bridge last November to be ready to sail on 24 hours notice at any time. The Canadian veteran believes the long drawn-out war has suggested they have contributed to his wife's illness.

### Toronto Launches Drive Against Dogs

grafted Monday following complaints that dogs, running in packs of 10 and more, were a menace to children and were damaging property. Residents of the eastern and north sections of the city claim dog packs have torn up lawns, strewn garbage about, and attacked children.

Annual tournament for the Canadian national bridge championships. One of Canada's top-ranking players, Percy Sheardown, will act as tournament chairman.

ASSOCIATION

**MR. TWITCHETT** wasn't so happy yesterday. He had a problem. He lacked ready cash for his business.

He makes small novelties—does a nice business in them, too. But he normally allows his customers thirty or even sixty days to pay. In the meantime *he* has to pay his workmen every week, meet his power bills every month...pay promptly for metal and wood and other raw materials to earn valuable discounts.

So, yesterday, like the sensible businessman he is, he borrowed enough from the Royal Bank for his current needs. When Twitchett's customer pays him, he'll pay off the bank.

This is a simple illustration of bank credit in action. It shows how bank credit, as an everyday tool of business, provides "working capital" to keep men working.

**THE GREATEST MILEAGE TIRE OF ALL TIME**

## THE NEW B. F. Goodrich SILVERTOWN

### OUTWEARS PRE-WAR TIRES BECAUSE IT'S BUILT IN A COMPLETELY NEW WAY

Unlike any other tire, the B. F. Goodrich Silvertown is engineered and built in an entirely new way. A new kind of rubber, developed by B. F. Goodrich, is used—a rubber that runs cooler, wears longer, and resists bruises. An entirely new and stronger cord, also developed by B. F. Goodrich, is designed into a new type of tire body that stands more strain. In turn, this stronger body permits the use of a wider, flatter, longer wearing tread . . . a road-gripping tread with greater traction and safety.

This new kind of tire has been proven in more than 17 million miles of road tests—it definitely outwears pre-war rubber tires. Get the new Silvertown . . . the greatest mileage tires of all time . . . built by B. F. Goodrich, makers of over 32,000 articles of rubber, including footwear and industrial rubber products.

**B. F. GOODRICH BATTERIES**

Choose your battery as you would your tires. For extra power and long life, get a B. F. Goodrich Battery. Ask for them at your nearest Goodrich dealer.

DOROTHY DIX SAYS—

## Complains Soldier Keeps Late Hours

Son Home on Furlough Comes in at Three, Four or Five o'Clock and Refuses to Give Any Explanation of Why He Stays Out Late

DEAR MISS DIX: My son, when he comes home on a furlough, thinks nothing of coming home in the morning at three, four, or five o'clock. He refuses to give any explanation of why he stays out late. Just goes to bed and leaves a note saying to me when he wants to be called. He has repeatedly asked him to be home not later than midnight, but he just ignores me and his father, and lets him do what he likes, absolutely refuses to cooperate with me in this matter.

I feel most strongly that it is wrong for my son to stay out late. In these trying times it can do him harm. He is not a patient. He is a soldier. He is a man. He is a man who has been through a lot. He is a man who has been through a lot. He is a man who has been through a lot.

GRINDELDA. Answer: Well, even though you are not the Patient Griselda of the old legend who thought that everything a man did was right. But dear lady, can you see that the time has come when you have got to make him see reason?

DEAR MISS DIX: My husband and I have been married about a year and we spend most of our time together quarrelling. I think the biggest reason for this is because we are so different in disposition. I am very temperamental, emotional, thoughtful and so on. He is just the opposite. I am also very sentimental and my feelings are very easily hurt. I have to give attention from my husband, but I don't get much of it.

Answer: It is a great pity that someone doesn't invent an instrument on the principle of the lie detector that would enable young men to test out their temperaments and find out, before marriage, whether their dispositions are liked or disliked. It would save a lot of divorces.

OF COURSE, it is just as much a man's business to try to get along with his wife as it is hers to try to get along with him, only he seldom does it. Nine times out of ten it is the wife who has to make adjustments and it is going to be a long time to save your marriage, if it is done. You will have to park your emotions and put your own feelings aside. You will have to be a hardhearted lesson and that is not to expect your husband to baby her, but to expect her to be a woman, to have a marriage, and not to expect her to be a child.

DEAR DOROTHY DIX: There is a girl in our class who could be popular if she were not so allergic to the bath. She has blotted her face about at least washing her face and combing her hair, but she doesn't take it. How can we tell her that she should keep herself neat without hurting her feelings?

WORRIED CLASSMATES. Answer: I think that this one should be accepted for this reason. It is simple sewing. No waist, line seam. Just right. Pattern 4796 comes in sizes: 14, 16, 18, 20. Size 16 takes 3 1/2 yards. Seitch: 5 yard contrast. Send 20c in coins (stamps can be accepted) for this pattern. Print plainly size, name, address. Send your order to The Edmonton Bulletin, Pattern Dept., 601 West Street W., Toronto 1, Ont. Please allow a week or ten days for delivery.

## Points for Parents

By EDYTH THOMAS WALLACE

Not This. Mother: "I'm ashamed of this little crowded house. I wish you could see the lovely big home we used to live in and my lovely things that are in storage."

This. Mother: "The girls and I are having fun making their rooms look home. Janie takes care of our plants and Mary helped me make the curtains."

Mother's complaining about their home may make children feel unhappy and insecure.

## Who's Who in Edmon-Teens Your Baby And Mine

By MYRTLE NEYER ELDRED

In looking through my files to determine what questions mothers ask about children of different ages, I find that after the first three times as many mothers ask about co-sleeping as did the first twelve months.

There is an idea that after children are on a general diet for a very little difficulty with co-sleeping and this would not seem to bear out that belief.

SOME OF THE FOLLOWING questions might be the responsibility for this condition. One of them is the reluctance of parents to give up bottles for the year-old child. Not that bottles themselves are so harmful, but when a child drinks from a bottle the tendency is to take more milk than would be accepted by cup.

The propensity to drink lots of milk and eat very little food is not good for the child unless himself enough food to encourage good daily movements.

IT MAY BE that when sugar was removed from the formula and the child put on whole milk, no other sugar was added to the diet. Sugar is a stimulant and one of those elements which provides not only nutrition but a laxative influence.

Babies denied any sugar in their fruits, or any sweet deserts or even a sugar on cereals, might lack enough sugar in the whole diet and would suffer from hard stools.

ON THE CONTRARY, a child who has been on whole milk, who is concentrated nourishment, might be so well satisfied to eat the amount of fruits, vegetables and whole grain cereals which provides not only nutrition but a laxative influence.

A milk sensitivity might be advertised by a chronic constipation. It is possible that the baby had this from the time he was put on cow's milk and was developed after the first birthday.

IT IS WELL for the parent to look to the diet and make changes rather than to depend upon laxatives. The child who has been on whole milk and who is concentrated nourishment, might be so well satisfied to eat the amount of fruits, vegetables and whole grain cereals which provides not only nutrition but a laxative influence.

Our leaflet, No. 53, "Theory of Stools and Constipation" may be obtained by sending a stamped, self-addressed envelope with this request to Myrtle Neyer Eldred in care of this newspaper.

**Colorful Stitchery**  
By ALICE BROOKS

**Elizabeth Woodward Says...**

**YOU'RE DYING FOR A DATE**

Something's drastically wrong with you, you figure. The girls just won't give you a break. You asked four different girls for a date last Saturday and they all gave you the busy signal. You comb your hair and wash behind your ears... you wear the usual dick. But the women don't go for you, and they won't go out with you. At last they haven't taken you.

Maybe your technique's wrong. Maybe you are proth the whole idea of a date from the wrong direction. You want a date... and you don't much care who it's with. You just want a date.

Maybe you will present the last minute to look of asking some girl for a date. Maybe she already has a date. Maybe you've planned and really rough when you beckon. If you ask use girl late and she turns you down... you can be sure that any girl you ask later will find it much too late.

Maybe you're after the wrong girl. You don't know her. You don't know that her heart belongs to Teddy. And though she hadn't actually said "No" to you last Saturday... she hoped Teddy would get around to asking for it. And she'd already seen the picture twice and wanted to dance somewhere. You didn't suggest that... so she turned you down. Maybe she asked Polly... she's a big pretty, but she was not too sure she could manage a date with you. She was not too sure she'd know how to talk with you, or how to act with you. She doesn't know you very well... and was afraid to take a chance on you. And maybe you were after Polly, the power-house who is looking for bigger game than you.

Maybe you don't place your shots in the right directions... so you don't have dates.

Sit yourself down and study you. How do you look? Reasonably good, you think. You have blotted your face about at least washing her face and combing her hair, but she doesn't take it. How can we tell her that she should keep herself neat without hurting her feelings?

WORRIED CLASSMATES. Answer: I think that this one should be accepted for this reason. It is simple sewing. No waist, line seam. Just right. Pattern 4796 comes in sizes: 14, 16, 18, 20. Size 16 takes 3 1/2 yards. Seitch: 5 yard contrast. Send 20c in coins (stamps can be accepted) for this pattern. Print plainly size, name, address. Send your order to The Edmonton Bulletin, Pattern Dept., 601 West Street W., Toronto 1, Ont. Please allow a week or ten days for delivery.

Mother: "I'm ashamed of this little crowded house. I wish you could see the lovely big home we used to live in and my lovely things that are in storage."

This. Mother: "The girls and I are having fun making their rooms look home. Janie takes care of our plants and Mary helped me make the curtains."

Mother's complaining about their home may make children feel unhappy and insecure.

**Minute Make-Ups**

April showers do not have to be the "run of cover" affairs that they are used to be. Not now every smart lady carries an umbrella. It is the smartest trick of the season. Also covers of plastic, checked or striped silk and you'll be extra shower proof.

**Ask Bi-Lingual Labels on Drugs**

OTTAWA, April 17—(CP)—The Ottawa gave first reading to a private members bill which would make it obligatory to have labels on drugs printed in both English and French.

## By JOSEPHINE LOWMAN—Why-Grow Old?

THE OTHER DAY, at the end of one of my classes, a pupil brought a sheet of paper to me. It was a list of benefits to be had from six weeks of directed exercise. She gave it to me because she wanted me to know how much I had meant to her. I think it was most gratifying of her and I am going to use it in a general list for the last one to you:

1. Have a better opinion of yourself.

2. Have lost inches of fat.

3. Lost weight.

4. Lost more energy.

5. Lost more confidence.

6. Lost more self-respect.

7. Lost more respect from others.

8. Lost more respect from others.

9. Lost more respect from others.

10. Lost more respect from others.

11. Lost more respect from others.

## Home, School Meet Is Opened at Olds

CALGARY, April 17—(CP)—More than 375 delegates from all parts of the province had registered yesterday at the Olds School convention of the Alberta Federation of Home and School Associations.

The delegates come from such scattered points as Notkewitz, 400 miles north of Edmonton, and Coum, on the international boundary to the north. Registration shows a 20 per cent increase over last year's annual meeting. All delegates will stay at the school in the Home and School Association.

O. F. BRUCE of Edmonton, president of the Federation, presided at the opening session this morning. A. A. Dunlop, mayor of Olds, welcomed the delegates, and said that higher wages should be paid teachers to attract and keep them in the profession and to compete with the high salaries of industry.

Registration has already begun for enrolment in the agricultural school at Olds. Mr. Murray, principal of the school, said. One application had been received from Chile.

It was decided the federation would become a chartered organization.

Dr. R. Laycock, professor at the University of Saskatchewan, and president of the Canadian Federation of Home and School Associations, gave his address of welcome at yesterday afternoon session.

Ninety per cent of forced labor are man-made, with nearly one-third of them caused by serious crimes and wars.

## Plan to Clarify

## Jury Regulations

—(AP)—  
new citi-  
gov-  
lexander.  
in the  
eived his  
a prepar-  
interested  
the city a  
Canadian

If a person over 21 years of age and under 25 years of age, or over 25 years of age and under 60 years of age, is disqualified from serving as a juror in civil or criminal cases?

years of age, who is on the jury panel does not claim exemption from service, is not challenged peremptorily or for cause in a criminal case, and has been sworn as a juror in such case, may the defence thereafter object, or take exception to his serving or apply

**MAY A JUROR** on a jury panel who is over 21 years of age and under 25 years of age, or who is over 60 years of age, be challenged for cause on that ground, or may any other objection be taken by counsel to his serving other than

Does section three of the Jury Act give persons over 21 years of age and under 25 years of age, or over 60 years of age, who are on the jury panel, the privilege of claiming exemption from service, or does it absolutely disqualify such

**Players Who Left  
Out For 5 Years**  
CINCINNATI, April 17.—(AP)—  
Organized baseball closed the door

From a box at the Cincinnati Reds-Chicago Cubs National League opener, High Commissioner A. B. "Happy" Chandler declared that "Those who did not return by

opening day are now out." Mr. Chandler said: "Those players can't even petition for a return to American baseball for five years."

**Subject to Taxes**  
OTTAWA, April 17. — (CP). — Members of the post-war armed forces will be treated exactly the same as civilians for income tax purposes, a service spokesman said yesterday. The regulations would

be the same as had applied to the services before wartime exemptions were authorized. During the war, officers and men serving overseas, at sea and in the air in operations areas paid no income tax. There also was a further exemption in service pay for six
